

Book List Notes:

Students can purchase their books through any means desired. This can include through our provider, EdTech, or through another service such as Amazon. The benefit of purchasing your books through EdTech is that students will have access to their "book library" in one location. Additionally, all print books purchased through EdTech have a 30-day return policy from the date of purchase. Ebooks, however, can not be returned if they have been activated. Before accessing your Ebook there will be an "**activation button**" on your shelf. You are advised to wait to activate your purchase until necessary. Some books have a different ISBN when they are offered through EdTech and this will be noted in parenthesis following the number.

English Department Book List			
Notes: Students may purchase their book in either print or ebook format; however, many students have indicated a preference for the print version.

Math Book List:

Notes: All math courses this year will use Math XL, with the exception of Math Analysis and AP Statistics. The \$25 subscription to Math XL includes a copy of the associated ebook so you do NOT need to buy a book unless you also want to have a hard copy of the book due to your own personal preference. To create an account for Math XL go to: <http://info.mathxlforschool.com/purchase>. Scroll down to make the "individual student purchase with credit card" and select the "purchase online for \$25" option. You will then follow the instructions to set up your account. Teachers will send you their individual code to enroll in your specific course. A step-by-step guide to enrolling or renewing your account is available on the AOLP website if you need more assistance.

Course Name	Print ISBN	Type	Title
Beginning Algebra	9780321870483	Math XL/print	Introductory Algebra (10th edition)
Algebra I	9780321784919	Math XL/print	Beginning Algebra (6th Edition)
Geometry	9780133281156	Math XL/print	Geometry Common Core
Geometry Honors	9780133281156	Math XL/print	Geoemtry Common Core
